

## Therapy Professionals Ltd

Physio, Speech Language, Music,  
Occupational Therapists & Dietitians

### Autism Awareness day 2 April 2019

Here at Therapy Professionals Ltd we are experienced working with people who have autism. Autism is a spectrum of disorders, which affects communication, social behaviours and thinking development. Everyone with autism has a different set of symptoms and their ability to function in society varies considerably.

If you know someone who is struggling with autism, Therapy Professionals Therapists may be able to help them or their carers.

Just contact us:

Ph: 03 3775280

Email: [admin@tpl.nz](mailto:admin@tpl.nz)
