Living well with Dementia

Dementia Canterbury is the leading specialist dementia NGO in our region providing community-based support, education activities and information. With 18 staff working in a wide range of interdisciplinary roles our service is designed to support both people with dementia, their care partners and whanau, as well as supporting our community to better understand dementia and to make our community environment more dementia friendly/accessible. We encourage living well with dementia through a person-centred approach.

Dementia NZ has affiliates in 6 large regions in New Zealand (Auckland, Waikato, Lakes, Hawkes Bay, Wellington and Canterbury/West Coast). Together we cover 70% of the population of New Zealand providing specialist dementia services.

This September is Alzheimers Awareness Month and Dementia NZ has launched it's **Still Me** campaign to help change the way we think, feel and talk about dementia. It is a reminder that we need to see the person not the condition and to recognise the brave person who is supporting them.

Show your support and donate to support anyone affected by dementia –
<https://givealittle.co.nz/cause/magnolia-month-supporting-dementia-awareness>

Look out also for these donation boxes - they are in most Westpac branches:

Show your support by visiting the nearest Westpac branch to make a donation and wear the **Still Me** badges to unite with us and all Kiwis affected by dementia.

Please check our website <https://www.dementiacanterbury.org.nz/> for the range of supports and services provided in our region.
